

TILE CUTTER BAG 1200MM

VIBCC1200

VITO's 1200mm Tile Cutter Bag is ideal for transporting cutters safely, ensuring the machine is protected. This bag, made from nylon, has a rigid base made up of structural profiles, adding a layer of protection against impacts and scratches. In addition, the bag is fully padded, reinforcing its sturdy nature. With an integral zip and two straps joined by a velcro grip, this product allows you to access and transport the machine in a practical, comfortable, and ergonomic way. Compatible with 1200mm tile cutters, this bag is suitable for use in professional and industrial environments.
