

JIGSAW 20V VIBCTICSFL20

Cordless jigsaw with 20V DC of rated voltage, with a stroke length of 25mm, 2400 spm (strokes per minute) at no load, 4 pendulum positions, HCS/HSS blade, with a cutting angle of - 45° / 0° / 45°, to do his job in the most professional way.

Key features

> Cordless jigsaw with a nominal voltage of 20 V, which gives it greater power. - The blade is a snap-on blade that makes the process easier. - The acrylic blade guard ensures greater safety for the user. - It has an On/Off switch lock. - The aluminium base and ergonomic handle make it more comfortable to use. - It has a LED that illuminates the work table and an adapter for dust and chip suction.

Specifications

Acrylic blade guard	Yes
Aluminium base plate	Yes
Blade type	HCS/HSS
Cutting angle	45° / 0° / 45°
Cutting capacity of aluminium	12 mm
Cutting capacity of metal tube	Ø 5 - 25 mm
Cutting capacity of steel	10 mm
Cutting capacity of wood	80 mm
Dimensions	255 x 90 x 210 mm
Height	215 mm
Length	230 mm
Number of strokes at no load	2400 cpm
On/off switch lock button	Yes
Pendulum motion positions	4
Product weight	1.776 kg
Quick blade change	Yes
Sound power level (LWA)	90 dB(A), k = 3
Stroke length	25 mm
Voltage	20 V DC
Weight with packaging	1.971 kg
Width	85 mm
