

ABRASIVE BELT 686X50 - 5 UN.

VICL6861005

The VITO 686x50 mm sanding belts are designed to deliver superior finishing quality for grinding, leveling and polishing on wood and metal surfaces. Made from high-resistance abrasive materials, they ensure even wear and efficient performance, reducing working time and improving productivity. Ideal for continuous professional use, providing excellent durability and a smooth, uniform finish across all applications.

Key features

- > Standard size 686x50 mm, fits most belt sanders.
- > Uniform results on wood and metal.
- > Long-lasting performance under heavy use.
- > Fast material removal and smooth finish.
- > Perfect for carpentry, workshops and maintenance tasks.
