

2-IN-1 HOSE REEL

VIEMPP

VITO's 2-in-1 Hose Reel is a versatile solution for organising hoses, ensuring practical and efficient storage of outdoor spaces. This product, which is compatible with hoses up to 20 metres, stands out for having 2 modes of use: portable or attached to the wall using the included bracket. The reel has a handle to help carry the equipment and a crank handle to organise the hose in a more practical way and prevent kinks. In addition, it has a tap fitting, which makes it possible to connect it to a water source.

Key features

- > 2-in-1: Portable reel that can be attached to the wall using the bracket;
- > Equipped with a crank handle, ensuring practicality;
- > Includes extension to connect to a tap;
- > Compatible with hoses up to 20 metres.
