

FOLDING METAL STOOL

VIEM2

The VIE metal step ladder is designed for those who need stability and safety when working at height. Built with a sturdy steel frame, it features extra-wide non-slip steps and an integrated safety bar. Compliant with EN 131 standards, it's suitable for industrial, commercial, and home use. Its foldable structure makes it easy to carry and store.

Key features

- > Strong steel construction with foldable frame.
- > Extra-wide steps with non-slip surface.
- > Integrated safety bar for added support.
- > EN 131 certified for safety.
- > Suitable for professional and home use.
- > Easy to transport and store.

Specifications
