

LASER MEASURING TAPE 40M

VIFMML40

VITO's Laser Measuring Tape (VIFMML40) measures up to 40 metres and is suitable for indoor and outdoor use. With automatic calculation of areas and volumes, it makes measurements faster and more accurate. Additionally, the illuminated display makes it easy to read in any light conditions, and the measurement button allows for quick measurements. It has a position lock, magnetic hook, coated for greater durability. It also stands out for being lightweight and is equipped with a transport clip. Resistant with an IP54 rating, this measuring tape is ideal for demanding work environments.

Key features

- > Reach of up to 40 metres: ideal for indoors and outdoors;
- > Automatic calculation: quick measurements of areas and volumes;
- > Built-in measuring button: allows quick measurements with a single touch;
- > Illuminated display: clear reading in any light;
- > Magnetic hook: greater durability and protection;
- > Possibility of choosing the front/back base line;
- > IP54 rating: ideal for demanding working environments, dust, and water resistant.

Specifications

Battery	Li-ion 3,7 V - 380 mAh / 1406 Wh
Case	Rubber-coated plastic ABS
Charging time	1h
Class Laser	Class 2
Functions	Distance/Volume/Area
IP code	IP54
Laser	630-670nm / P<1mW
Locking button and auto-retracting tape	Yes
Maximum reach	0.2-40m
Measurement accuracy	±(3+5*10-5D) mm
Metal hook	Ideal for vertical measuring
Operating temperature	0°C - 40°C
Size	19mm x 5m
Tape	Nylon-coated steel
Turn off automatically - laser	30 s / 3 min
Units of measurement	M / ft / in / ft+in
Weight	269 g
