

DIESEL WATER PUMP 3"

VIMBD3A

This pump model offers a maximum flow rate of 52,000 L/h, making it perfect for large-scale tasks such as intensive irrigation and drainage in large areas. With a maximum suction height of 7 metres and a pumping capacity of up to 21 metres, the Water pump guarantees excellent performance in different conditions, providing versatility and efficiency. This water pump is suitable for prolonged use in demanding conditions and is the ideal choice for those who need high-performance equipment for clean water, combining power and resistance for heavy and continuous operations.

Key features

- > **Electric start:** It saves and optimises working time;
- > **Safe and Functional Design:** Besides serving as a transport strap, this structure is designed to protect the machine from damage and prevent possible injuries to the user.

Specifications

Autonomy	11 h
Dimensions	570 x 520 x 650 mm
Electric start	Yes
Engine	4-stroke combustion
Engine displacement	246 cc
Fuel	Diesel
Fuel tank capacity	13 L
Max. particle size	5,5 mm
Maximum flow rate	52.000 L/h
Maximum lifting height	21 m
Maximum suction height	7 m
Packaging dimensions	585 x 540 x 675 mm
Product weight	57 Kg
Rated power	5 hp / 3.7 kW
Rotation speed	3600 rpm
Sound power level (LWA)	105 dB
Suitable for	Clean water
Threads	3" / 80 mm
Weight with packaging	60 Kg

Package Contents

Filter
Spark plug wrench
Clamps (x3)
Tool kit.
