

ORGANISER 11 COMPARTMENTS FOR MODULAR TOOL BOX

VIMMO11

VITO`s Organiser with 11 Compartments for Modular Tool Box is a compact organisational solution that provides convenient and efficient access to tools. Compatible with VITO`s modular tool boxes, this organiser with removable compartments combines practicality with robustness, featuring a transparent lid that protects the contents and allows for quicker viewing of the contents. In addition, sturdy fasteners ensure that the compartments remain secure during transport, reducing the risk of losing stored components.

Key features

- > Organisation guaranteed by 11 removable compartments;
- > Immediate visibility, thanks to the transparent lid that allows you to identify the contents without opening it;
- > Compatible with VITO`s modular tool boxes, allowing you to create a complete and customised system;
- > Secure transport ensured by sturdy fasteners that keep contents protected and stable.
