

YELLOW ADJUSTBLE EARMUFFS - 30 DB

VIP1340

These adjustable earmuffs are designed to reduce noise exposure in industrial environments, workshops, construction sites and other workplaces where reliable hearing protection is required. Manufactured with HIPS (High Impact Polystyrene) ear cups, they are certified to EN 352-1:2020, meeting the European requirements for earmuff hearing protectors. The height adjustment system allows easy adaptation to different users. Hypoallergenic foam cushions provide excellent comfort during prolonged use, while the flexible adjustable headband ensures a secure and comfortable fit. With an SNR rating of 30.4 dB (H: 33.4 dB | M: 28.1 dB | L: 21.7 dB), these earmuffs provide a high level of protection against workplace noise.

Key features

- > Certified to EN 352-1:2020
- > SNR 30.4 dB noise attenuation
- > Durable HIPS ear cups
- > Height adjustment
- > Hypoallergenic foam cushions
- > Flexible adjustable headband
- > High comfort for prolonged wear
- > Ideal for industrial environments
