

GREY PVC SWIVEL CASTOR WITH METAL BRAKE 50MM

VIRGTMPVCCZ50

VITO's Grey PVC Swivel Castor with Metal Brake ensures braking and complete freedom of movement for moving loads, without leaving marks on the floor. With a soft wheel and 360° rotation, this castor makes it easier to move around, especially in small spaces. In addition, the PVC coating prevents scratches on any type of flooring. The castor is equipped with a metal brake that allows the wheel to be locked when necessary, ensuring that it is secured and immobilised. Its galvanised metal construction ensures durability, while the swivel system guarantees smooth manoeuvring.

Key features

- > 360° movement, ensuring fluidity in manoeuvres;
- > Integrated metal brake for greater safety;
- > Resistant PVC coating preventing marks;
- > Ideal for moving around in small spaces;
- > Convenience in transporting loads;
- > Sturdy galvanised metal structure.

Specifications

Base plate dimension	50x50mm
Clearance Hole Dimensions	36x36mm
Hardness	90±4 Sh
Platform height	72mm
Weight capacity	50kg
Wheels diameter	50mm
Wheels dimensions	50x18mm
Width of the structure	1,5mm
