

## CUT-OFF SAW 2300W

### VISC355

The 2300W Metal Cutting Machine is the ideal choice for professional cuts with quality and precision. With a nominal power of 2300W and a rotation speed of 4000rpm, it ensures efficient performance even in demanding tasks. Equipped with a 355mm disc and a 25mm bore, it allows for robust and stable cuts. Additionally, the adjustable cutting angle (0-45°) provides greater flexibility for different types of work. The cutting depth limiter screw ensures greater precision and safety, while the quick clamping system improves stability and facilitates use. This model includes a 355mm metal cutting disc and a pair of replacement brushes, ensuring greater durability and prolonged efficiency. An essential tool for professionals who need power, quality, and versatility in their metal cutting projects.

#### Key features

- > Power of 2300W for high performance and efficient cuts.
- > Rotation speed of 4000rpm for maximum precision.
- > 355mm disc with a 25mm bore, ideal for robust cuts.
- > Adjustable cutting angle (0-45°) for greater versatility.
- > Cutting depth limiter screw for more safety and control.
- > Quick clamping, ensuring stability and ease of use.
- > Includes a 355mm metal cutting disc and a pair of replacement brushes.

#### Specifications

Blade diameter	<b>355 mm</b>
Blade hole diameter	<b>25 mm</b>
Cutting - Rectangular profile (0°)	<b>120 x 130 mm</b>
Cutting - Rectangular profile (45°)	<b>120 x 105 mm</b>
Cutting - Round profile (0°)	<b>130 mm</b>
Cutting - Round profile (45°)	<b>130 mm</b>
Cutting - Square profile (0°)	<b>120 mm</b>
Cutting - Square profile (45°)	<b>105 mm</b>
Cutting angle	<b>0 - 45°</b>
Depth limiting screw	<b>Yes</b>
Height	<b>440 mm</b>
Length	<b>565 mm</b>
No-load Speed	<b>4000 rpm</b>
Product weight	<b>15.788 kg</b>
Quick clamping	<b>Yes</b>
Rated power	<b>2300 W</b>
Sound power level (LWA)	<b>105 dB(A), k = 3</b>
Weight with packaging	<b>17.506 kg</b>
Width	<b>335 mm</b>
