

NICKEL-PLATED HEDGE SHEARS

VITCSN10

The Hedge Shears are the ideal tool for the maintenance and beautification of gardens and green areas. Designed to deliver precise and efficient cuts, these shears are essential for professionals and gardening enthusiasts seeking durability and superior performance. The blade with 180 mm of cutting in nickel-plated carbon steel offers greater resistance to wear and corrosion, extending the tool's lifespan even under intense use.

Key features

- > **Greater Durability:** Nickel-plated carbon steel provides increased resistance to wear and corrosion, extending the tool's lifespan.
- > **Versatility:** Ideal for trimming and shaping hedges of different sizes and densities, offering versatility in any type of garden.
