

GARDEN SHREDDER 2500W VITR2500

The VITO Garden Shredder (TR2500), equipped with a 2500W motor and 4500 rpm, allows for the shredding of branches from pruning, gardening, and other organic materials, enabling reuse and recycling for composting and mulching purposes. Additionally, it is used to reduce waste volume, contributing to a more efficient and sustainable waste management. This shredder features a collection box with a maximum capacity of 45L, making it practical and easy to transport with its transport wheels. Its efficiency is further enhanced by the hand pusher, making the shredding process more agile and convenient.

Key features

- > Cutting capacity of up to 45mm in diameter
- > Includes Waste Pusher for increased safety and efficiency
- > Collection box with a capacity of 45 liters, facilitating continuous and clean operation
- > Transport wheels for easy movement of the shredder between work areas
- > "On/Off" switch for simplified operation control

Specifications

Dimensions	545 x 1015 x 444 mm
Product weight	12 kg
Weight with packaging	13,4 kg
Insulation class	II
Rated power	2500 W
Supply voltage	230 V AC 50 Hz
IP rating	IP24
Maximum cutting diameter	Ø 45 mm
Motor type	Carbon brushes
No-load Speed	4500 rpm
Sound power level (LWA)	106 dB
Tank capacity	45L
Vibration	< 2,5m/s2
Packaging dimensions	530 x 370 x 510 mm
Sound pressure level (LPA)	94.7 dB
